

Monroe Christadelphian Ecclesia
Monroe, Louisiana

STATEMENT OF POSITION

In regards to the
North American Statement of Understanding (NASU)

Dear Brethren of the Unamended Christadelphian Community,

The Monroe Ecclesia would like to inform the brotherhood that we reject the *North American Statement of Understanding* (NASU).

We spent several weeks of careful study and have concluded that the NASU document does not fully address the doctrinal differences between the two fellowships (i.e. resurrection, baptism, the nature of Christ, in Adam/in Christ, etc.) As a result, it cannot provide a “bridge” as a foundation for any unity between those who follow the BUSF and those who follow the BASF.

In addition, we believe that reunion efforts such as these harm the Unamended community. Valuable time needed for encouragement and support in our race is being spent defending the truth from those who would “water down” its principles.

We do not wish to pursue this or any other unity effort, unless the BUSF is accepted as the basis for fellowship.

Thus far, the NASU statements, if accepted, would result in a compromise of the doctrines under which we were all baptized. Therefore, we must reject NASU.

The Monroe Ecclesia meets exclusively on the Birmingham Unamended Statement of Faith. We welcome any of our brethren who will meet solely on this basis.

Fraternally,

The Brothers and Sisters of the Monroe Christadelphian Ecclesia
